side stories

Lee and girls sail on! New mystery ahead!

However, soon Cat feels that something is wrong with Octa and then Lee notices that too.

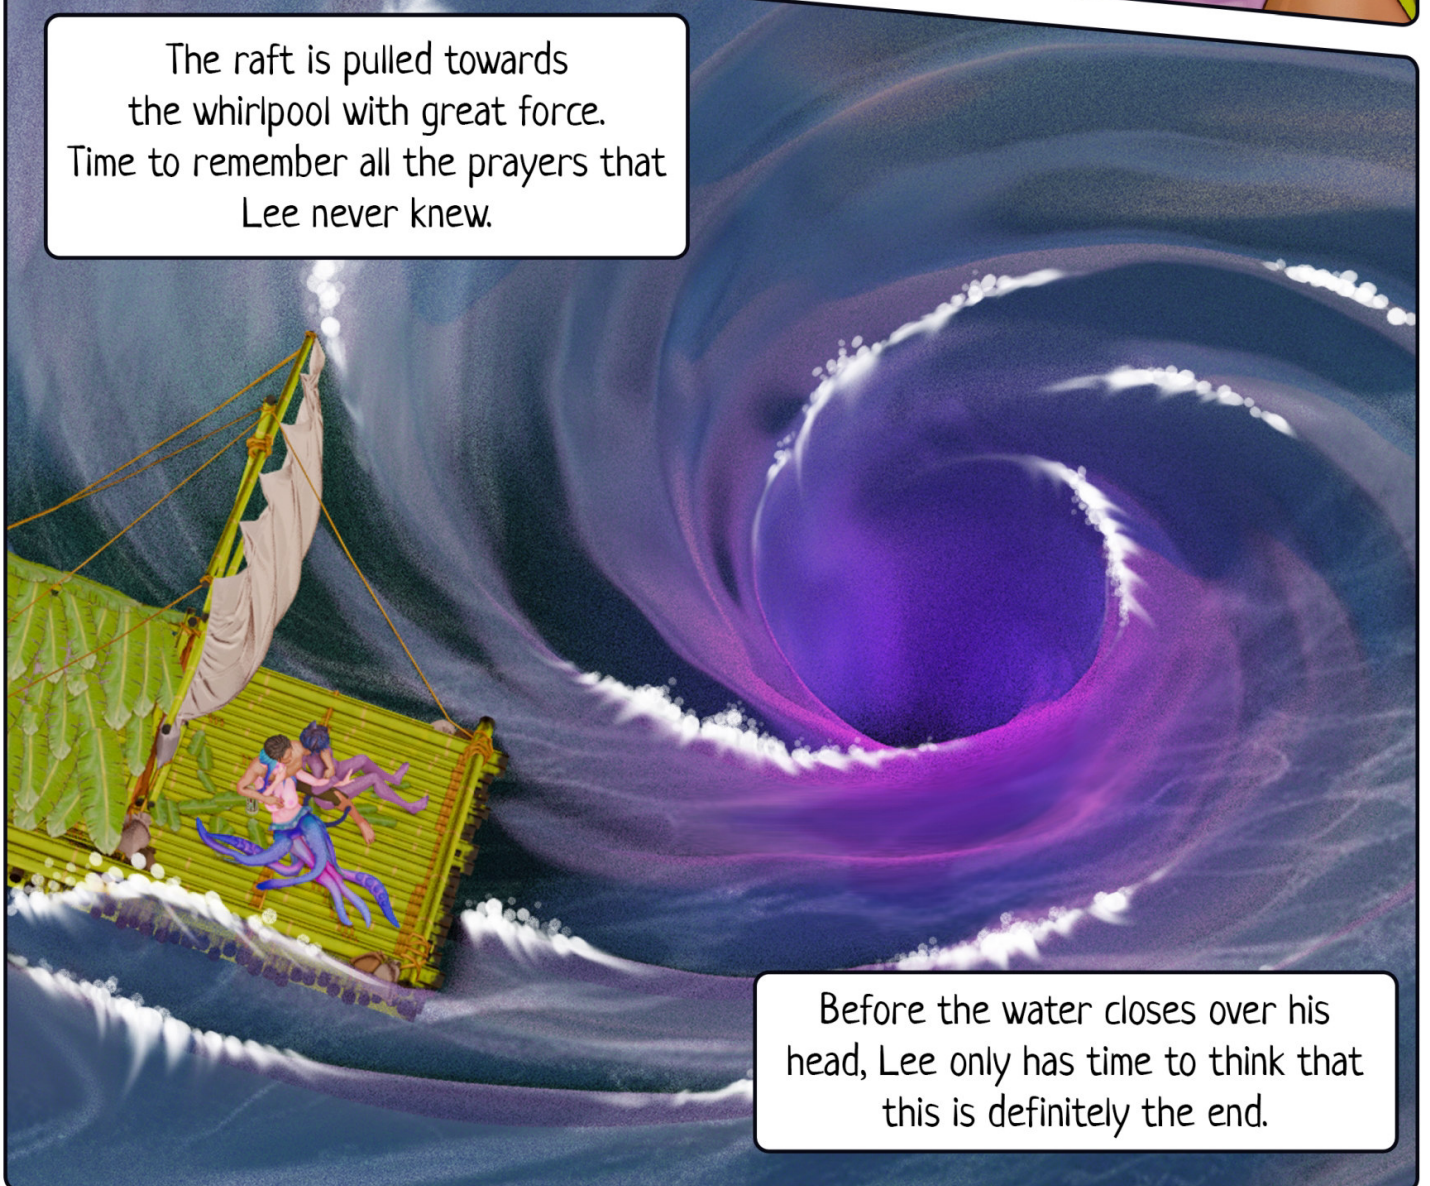

The travelers see a huge whirlpool straight ahead and strong tailwind is pushing their raft right towards it.

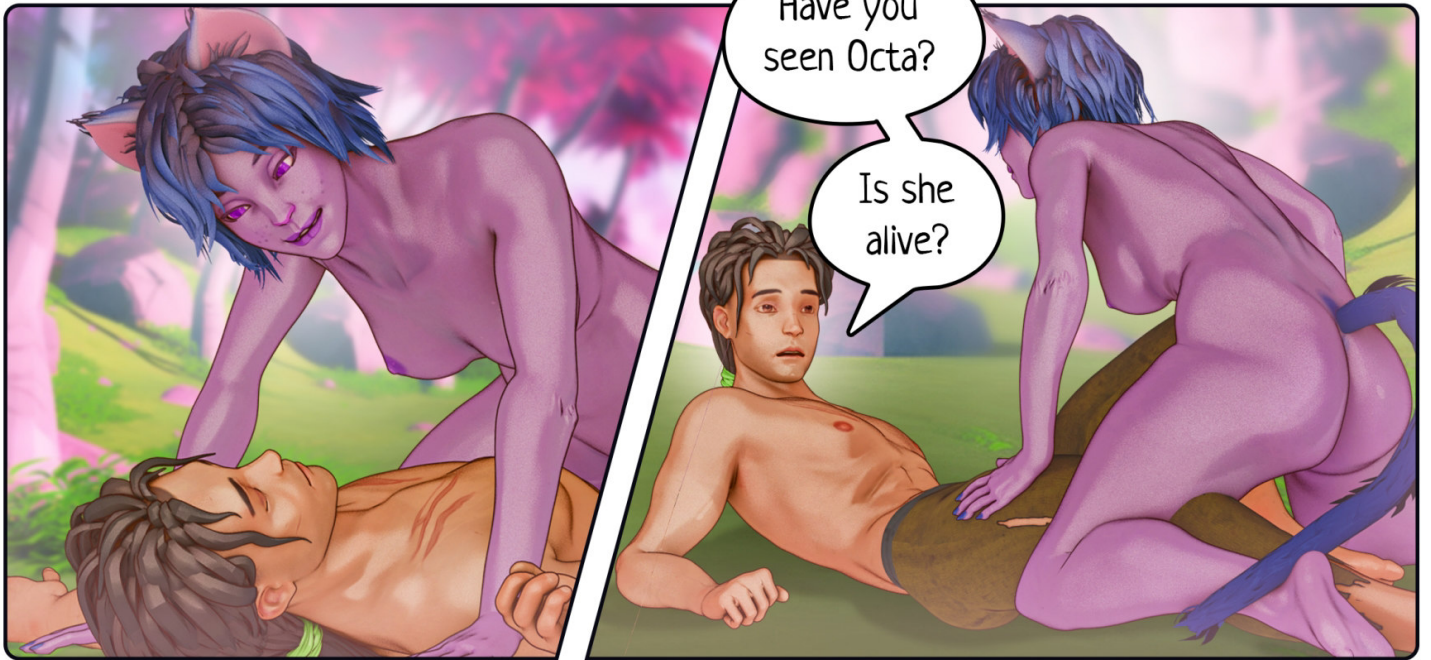

**WHAT?!**

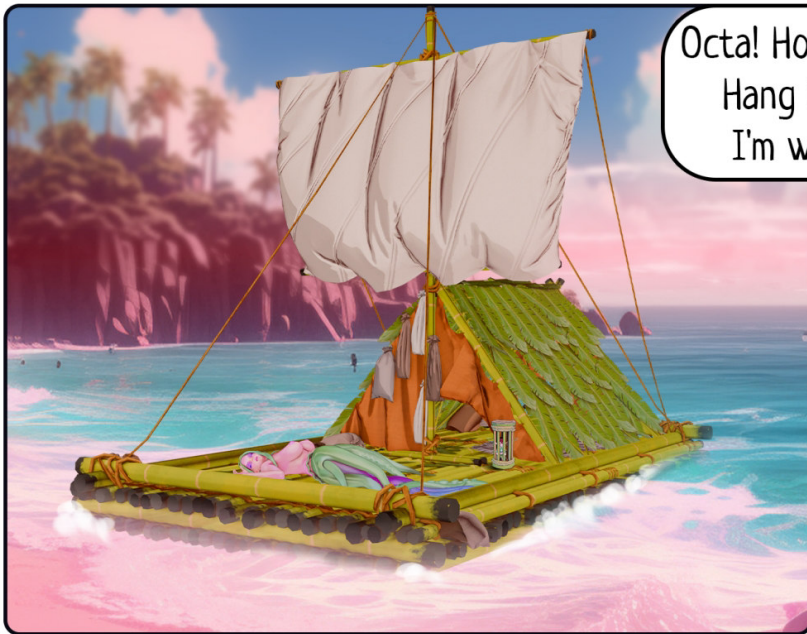

The raft is pulled towards the whirlpool with great force. Time to remember all the prayers that Lee never knew.

Before the water closes over his head, Lee only has time to think that this is definitely the end.

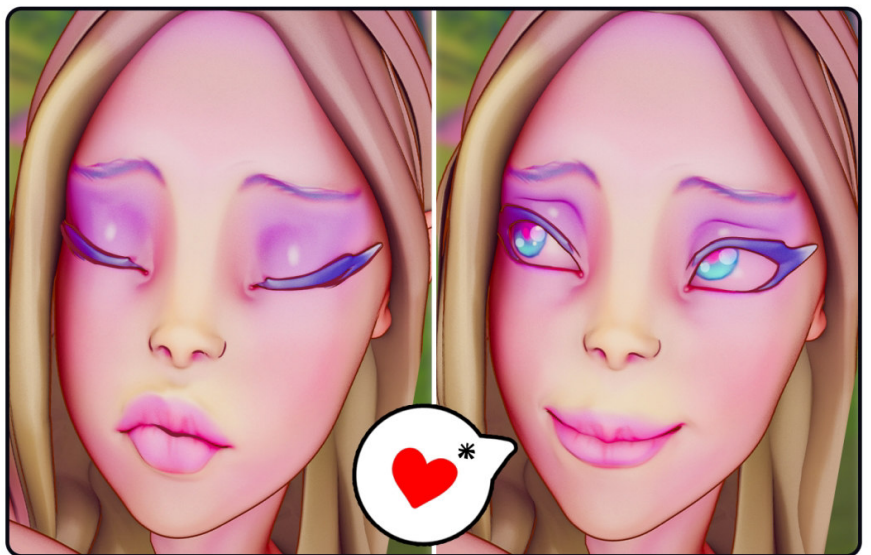

Octa! How are you?  
Hang in there,  
I'm with you!

Everything  
will be okay,  
I'll find a way  
to help you!

Looks like Octa gained weight  
and her belly became oddly round. Her skin  
color turned sickly pale again.

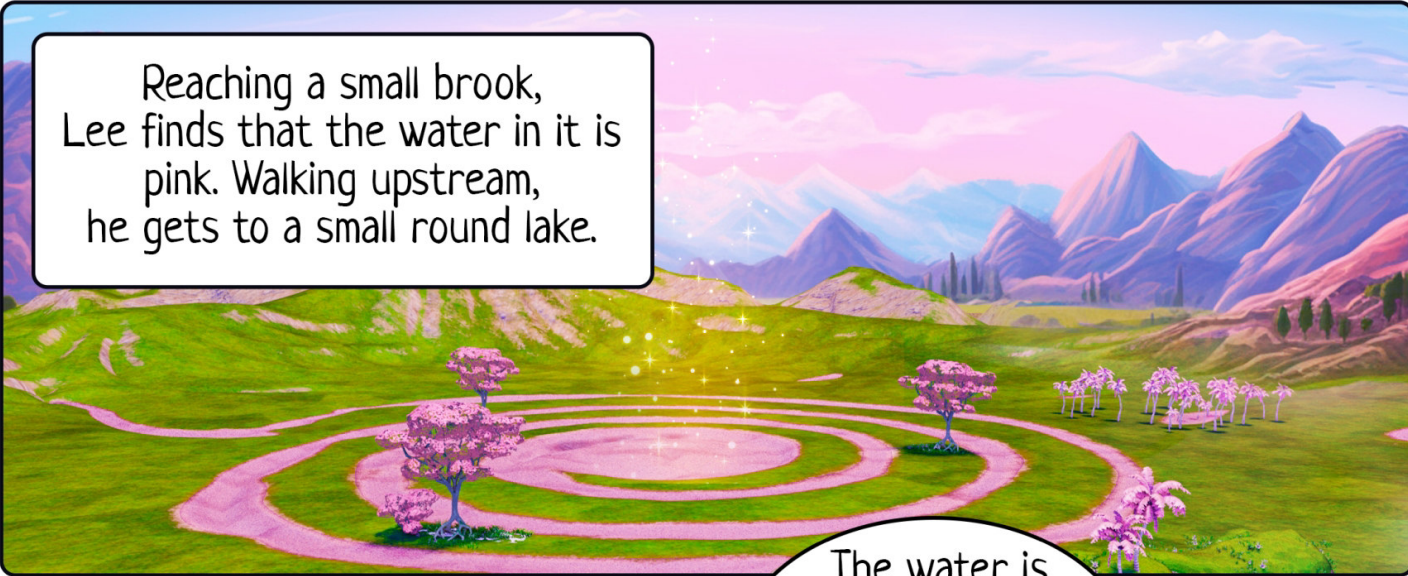

Shush!  
You can't  
do that!

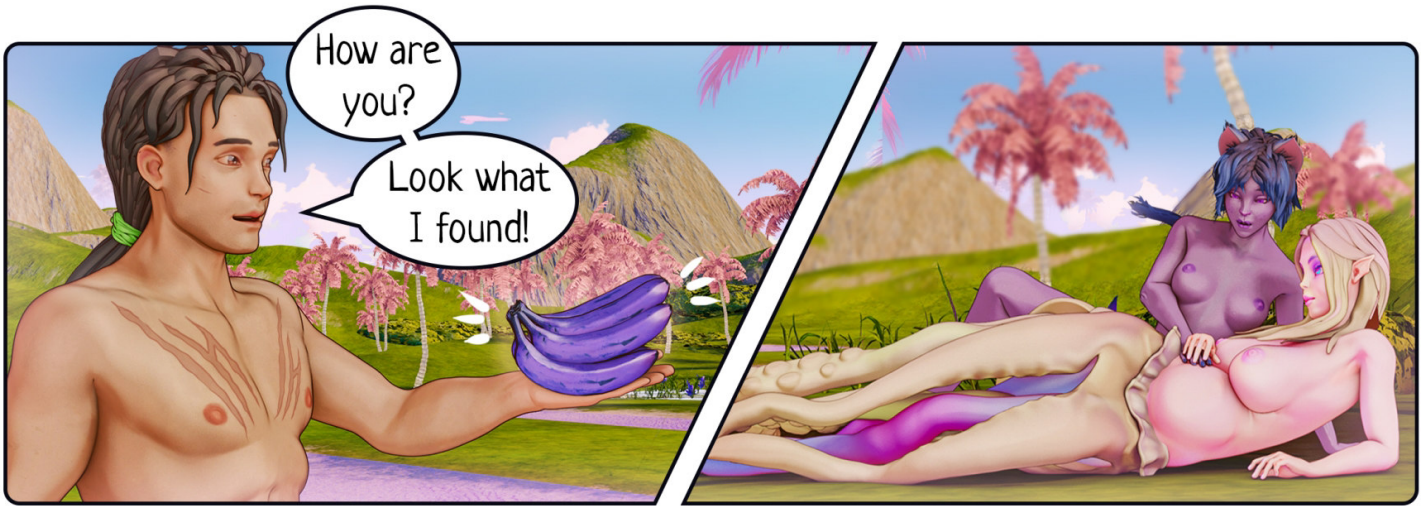

\*Octa is fine.

\*\* If Octa dies, can Cat eat her?

Everything around looks so unreal that thoughts of the afterlife creep into his head.

How are you?

Look what I found!

Getting back, Lee sees that Octa's belly got noticeably bigger. This makes Lee even more worried.

I've found a lake. I'll take you there.

\*Water! Octa needs water.

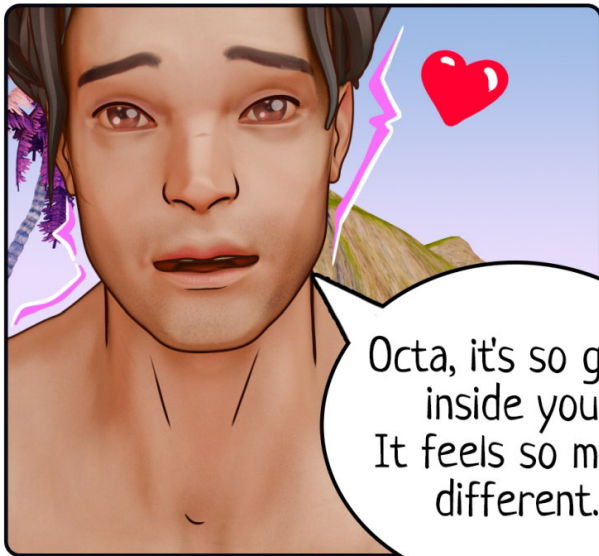

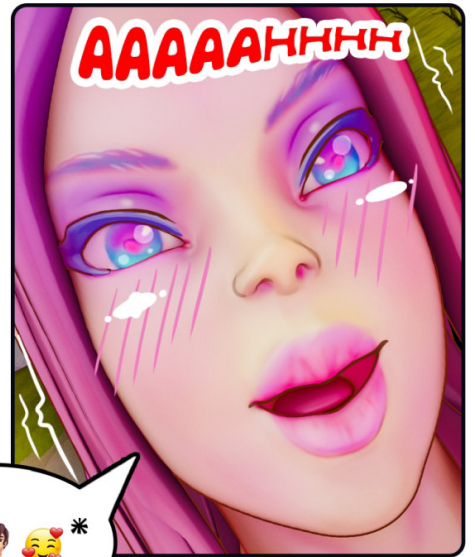

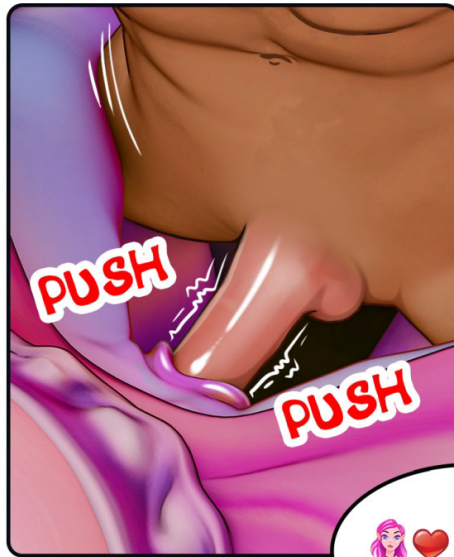

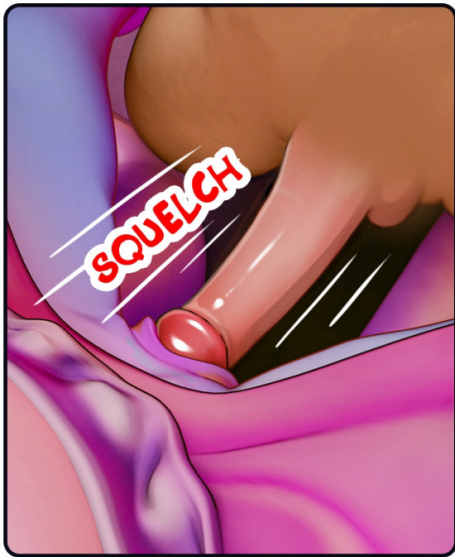

\*\*Lee, there are fish inside Octa! I can hear them!

Octa, are you feeling better?  
Can you tell me what's going on with you?

Hmm?..  
Octa, are you pregnant?!  
But the belly...  
why so fast?

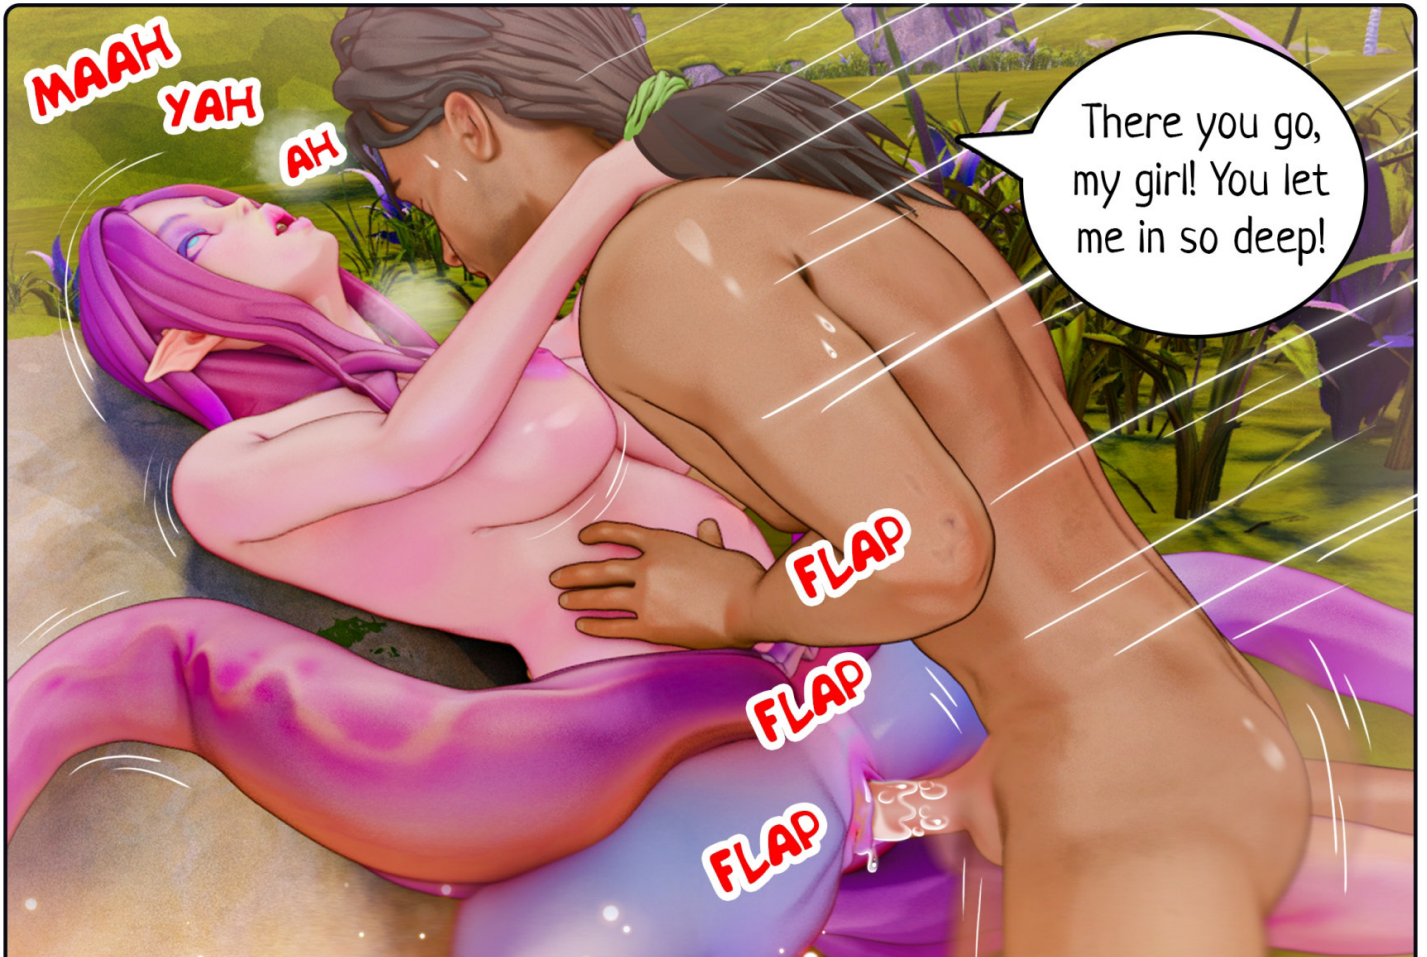

Octa, it's so good inside you!  
It feels so much different.

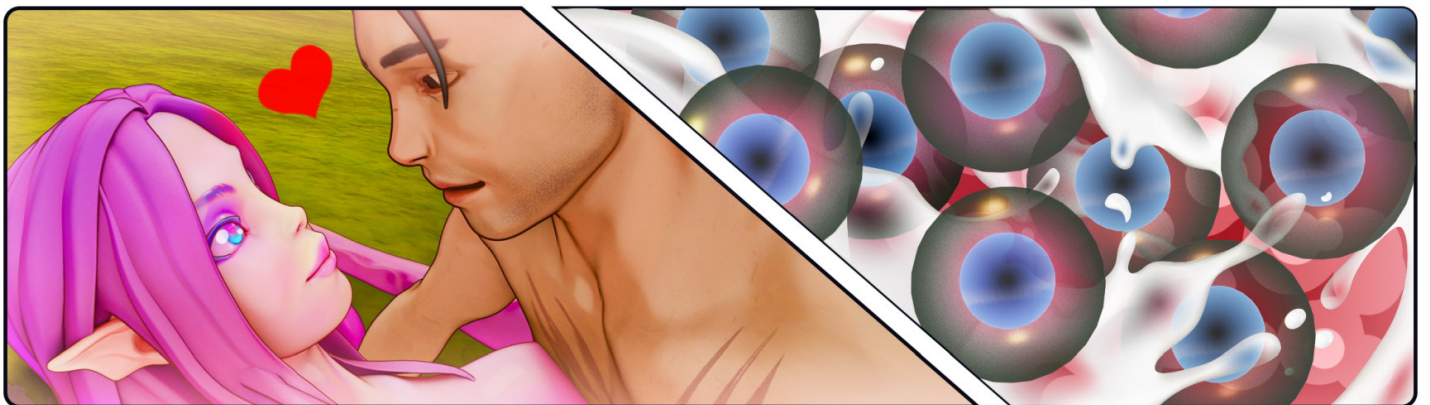

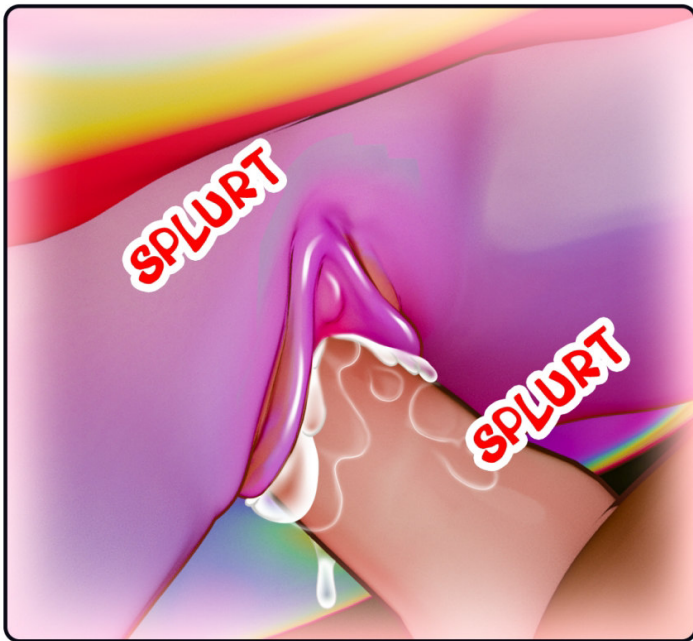

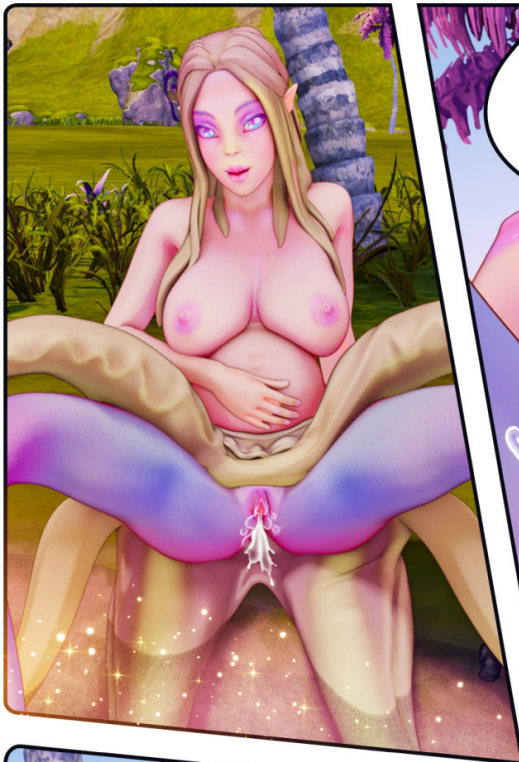

Do you want me to caress you here?

Harder? Whatever you want, sweetie!

\* Octa likes when Lee inside.

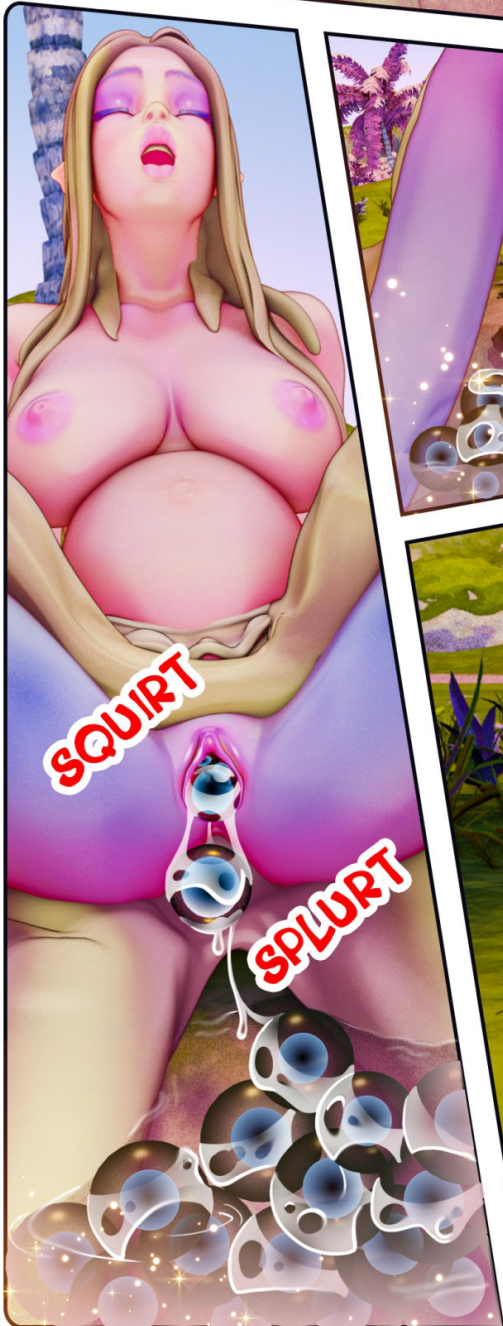

OCTA!  
YOU'VE GOT...  
WHAT'S THAT INSIDE?!

HAAAAAAAAAAH

ONE AFTER THE OTHER,  
PUSHING OUT LARGE,  
DENSE EGGS,  
OCTA SHUDDERS AS  
IF IN A PROLONGED  
ORGASM.

Cat comes running out of the thicket and doesn't even let them catch their breath. She looks excited and amused.

What a curious place. Did you want to show me this thing? What is it, really?

Those spirals on the rocks, hmm...

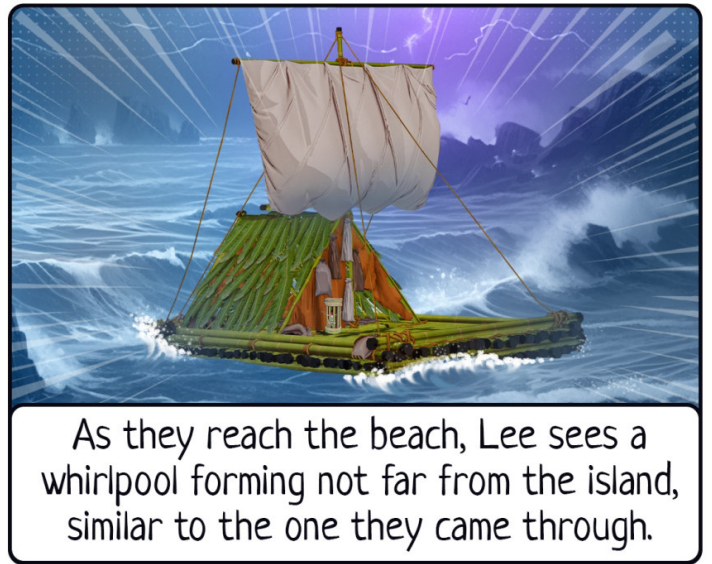

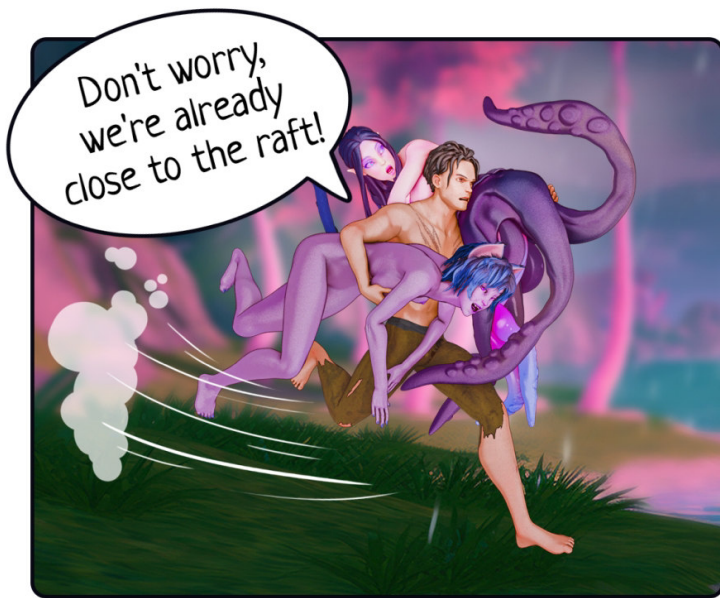

**BOOOM!!!**

A TERRIFYING RUMBLE AND ROAR ROLL ALL OVER THE ISLAND.

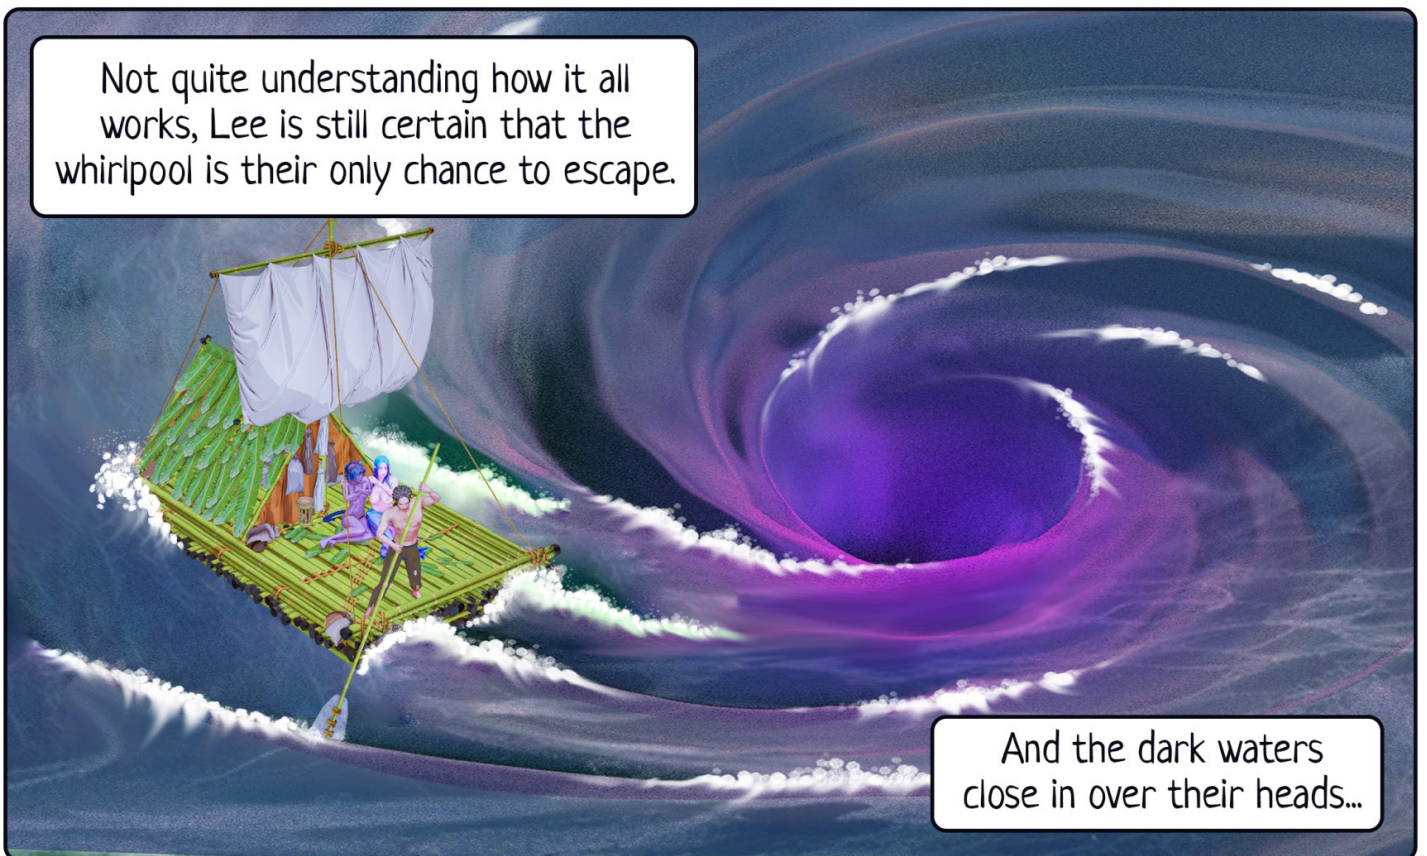

**CRASH**

THE GROUND IS SHAKING AND CRACKING, WHILE THE MOUNTAIN IS SPEWING ASH AND SMOKE.

**WE NEED TO GET OUT OF HERE NOW!**

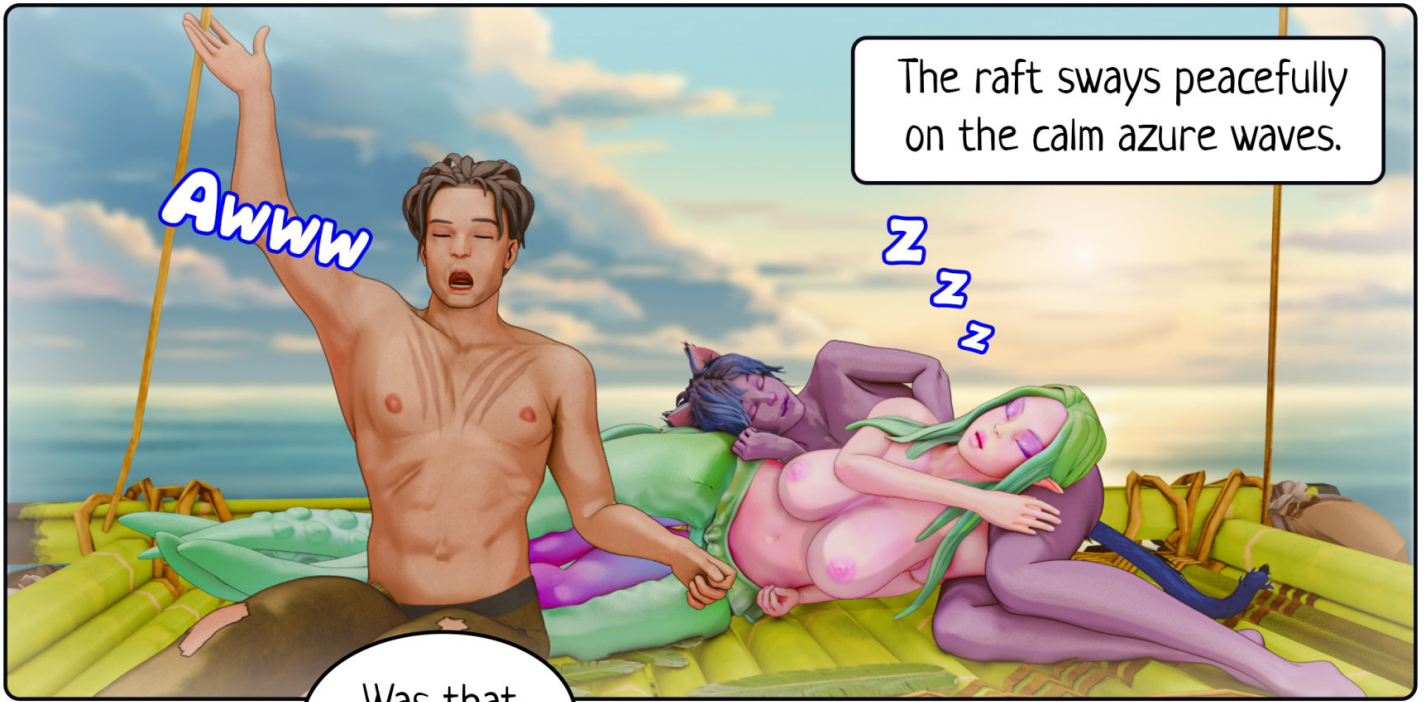

As they reach the beach, Lee sees a whirlpool forming not far from the island, similar to the one they came through.

Not quite understanding how it all works, Lee is still certain that the whirlpool is their only chance to escape.

And the dark waters close in over their heads...

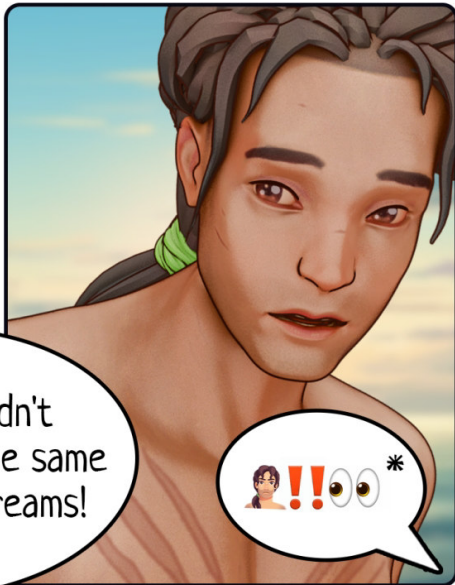

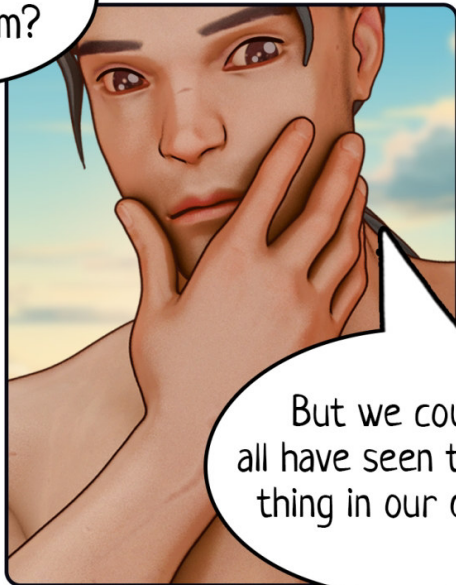

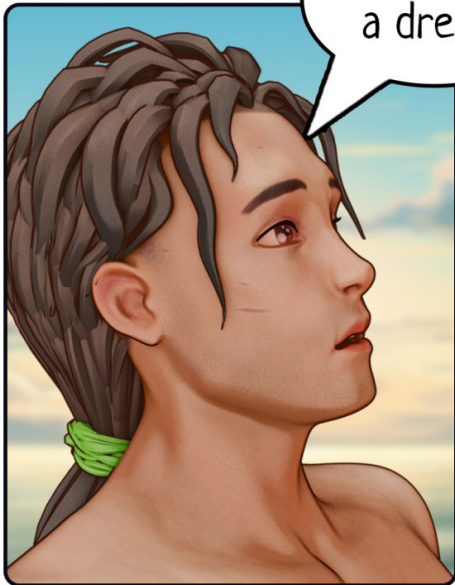

The raft sways peacefully on the calm azure waves.

Awww

Was that a dream?

But we couldn't all have seen the same thing in our dreams!

So, what exactly was it?

\* Hey, Lee, look! Look!
